Re: Laguna Madre Estuary Program Environmental Strategic Plan
Project ID: 35

Dear Dr. Jones, P.E.:

Congratulations! Commissioner George P. Bush has approved your project for funding under the Texas Coastal Management Program (CMP) Grant Cycle #21.

The sixteen approved projects (highlighted in yellow) will be submitted to the National Oceanic and Atmospheric Administration (NOAA) as part of the state's application for Coastal Zone Management Act (CZMA) §306/§306A program implementation funding. NOAA approval, which is expected in October 2016, is required to begin project activities. Please **DO NOT** begin working on your project or expending funds until you have received an executed copy of the subrecipient grant agreement (contract).

By July 2016, you will receive a draft work plan to review. At that time, you may update the deliverable due dates and review your work plan and budget before execution of the subrecipient contract.

Please note that application packets for CMP Grant Cycle #22 will be available in April 2016. Please visit the GLO website at <http://www.glo.texas.gov> to download the CMP Grant Cycle #22 guidance document and application packet and view the schedule for the upcoming workshops, which will be held along the coast in May 2016.

I look forward to working with you. If you have any questions, please feel free to call me at 512/475-1393.

Sincerely,

Melissa Porter
Director, Grant Programs
