5	3/1/18	3/1/18	3/1/18	3/1/18

GENERAL NOTES:

- The guidelines shown herein are suggestions only and may be modified by the engineer.
- A sediment control fence may be constructed near the downstream extremity of a drainage area if the flow rate is less than 100 GPM/FT. Sediment control fences are not recommended to control erosion from a drainage area larger than 100 GPM/FT.

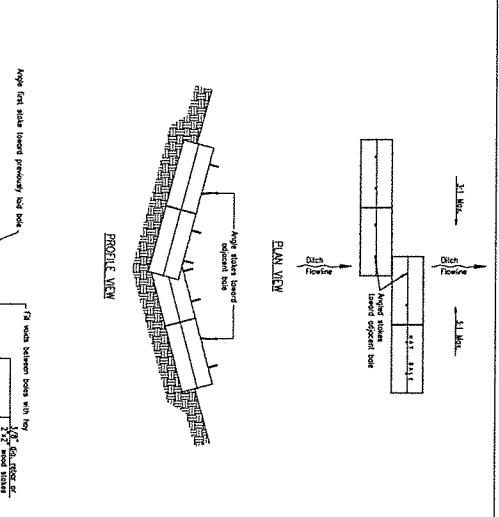

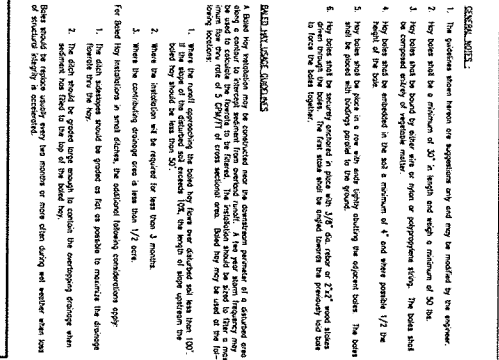

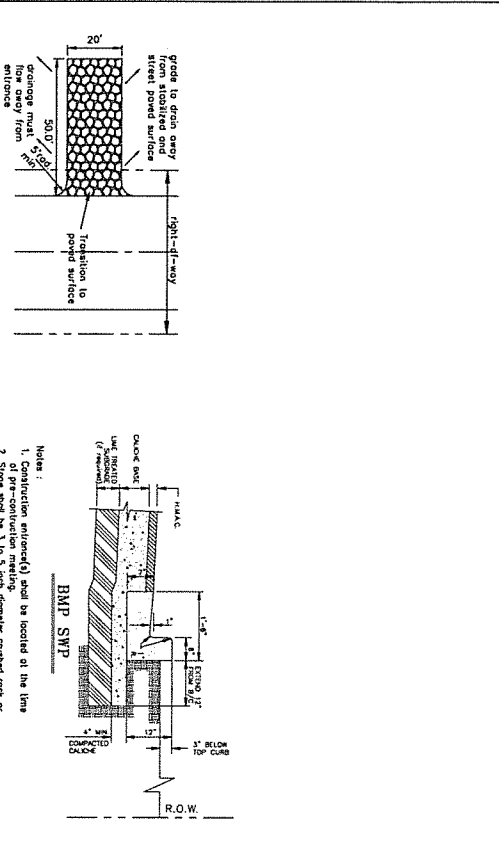

SOCKS AND SOCKS:

- The guidelines shown herein are suggestions only and may be modified by the engineer.
