Sponsor:

The 23rd Annual Water Quality Management and Planning Conference Committee, comprised of local municipal, academia and water professional stakeholders, in partnership with Research, Applied, Technology, Education and Service, Inc. (RATES) requests your support to provide the region with a stellar event that will disseminate innovative, state of the art and essential information to our local communities, researchers, students, and leaders. The 2021 Conference will be held May 13-21, 2021, virtually via ZOOM. The most knowledgeable topic presenters and keynote speakers, as well as local state and federal government leaders in the industry, participate in this event to explore topics in stormwater management, innovative green infrastructure techniques, local government programs, and sustainable water quality management.

This exceptional event will be a wonderful opportunity for your organization to have visibility and representation in front of a wide audience who could benefit and gain value from your participation at this conference.

Proceeds will fund the LRGV Stormwater Task Forces scholarship program, an endeavor to motivate local students to pursue careers in the water industry. Your gift is tax deductible to the extent allowed by law.

If you have questions, please contact Deanna LeVrier at (361) 510-1232 or via email at dlevrier@ratesresearch.org.
