

LOWER LAGUNA MADRE BROWNSVILLE SHIP CHANNEL WATERSHED PARTNERSHIP

Vol. 2 | November 2021

STEERING COMMITTEE WORKGROUPS MEETINGS

1. A Stakeholder/Steering Committee email list server has been established to facilitate dissemination of project information.
2. Stakeholder/Steering Committee Meeting took place on October 21st, 2021.

Water quality monitoring campaign at
Brownsville Public Works.

QAPP, MONITORING AND DATA COLLECTION

1. A new RTHS station will be installed in San Martin Lake, Brownsville. For this reason, a recognition site visit took place on September 24th, 2021 to test the equipment and establish strategies for data collection. The results showed that it is feasible to use both ADCP and YSI sonde to gather data on site.
2. Seventh sampling campaign was successfully conducted during September 28th, 29th and October 5th, 2021.
3. Heather Robinson integrated as the new PM from TCEQ.
4. LLMBSC Monitoring QAPP for phase II was approved in October 2021.
